

MARTINELLA A NEW NAME FOR MARTINELLA ARTIGAS Y PAPAVERO, 1995 (DIPTERA, ASILIDAE)

Martintella un nuevo nombre para *Martinella* Artigas y Papavero,
1995 (Diptera, Asilidae)

JORGE N. ARTIGAS*

ABSTRACT

Martintella a new name for the preoccupied (*Mollusca*) genus *Martinella* Artigas y Papavero 1995 (Diptera, Asilidae), is proposed.

KEYWORDS: Asilidae. Taxonomy. New name. *Martintella*. *Martinella*. América.

RESULTADOS

Martinella Artigas y Papavero was created in 1995 in: "The American genera of Asilidae (Diptera): Keys for identification with an Atlas of Female Spermathecae and other Morphological Details. IX.9. Subfamily Asilinae Leach - *Myaptex* group, with the proposal of two new genera and a catalogue of the neotropical species".

During the course of compiling the last volume of the Zoological Record, the producer, Mrs. Joan Thorne, Editorial Manager, found that the name *Martinella* is preoccupied in a molluscan, published by Jousseume in 1887 as listed in:

*Jorge N. Artigas. Departamento de Zoología, Universidad de Concepción, Casilla 2407, Concepción, Chile. e.m.: jartigas@halcon.dpi.udec.cl

RESUMEN

Se propone el nombre *Martintella* para reemplazar el nombre *Martinella* Artigas y Papavero (Diptera, Asilidae), preocupado en *Mollusca*.

Vaught, K.C. A classification of the living *Mollusca*. American Malacogist, Inc. Melbourne, Florida. 1989.

The new name for *Martinella* Artigas y Papavero 1995 will be *Martintella* n. name.

Typespecies of the genus: *Asilus lestes* Williston, 1901.

The authors thanks Mrs. Joan Thorne for her kind help.
